CHAPTER I
THE FOUNDING OF THE NATION

THE FOUNDING OF THE NATION

The first chapter of the history of the United States is the story of the founding of the nation. It begins with the arrival of the first European settlers in the early 17th century. These settlers, who came from England, France, and the Netherlands, established colonies that would eventually become the United States. The story of the founding of the nation is a story of struggle and sacrifice. It is a story of the men who fought for the right of self-government and the right to life, liberty, and the pursuit of happiness. It is a story of the men who laid the foundation for the great nation that we live in today.
